Independent Auditors' Report

August 25, 2015

Honorable Mayor and Members of the Board of Aldermen City of Carlyle, Illinois Carlyle, Illinois 62231

Report on the Financial Statements

We have audited the accompanying financial statements of governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the City of Carlyle, Illinois as of and for the fiscal year ended April 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Qualified Opinion

The City of Carlyle, Illinois has not presented or disclosed information in connection with potential liabilities for other post-employment benefits as required by Governmental Accounting Standards Board Statement 45, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*. The amount by which this presentation and disclosure would affect the financial statements is not reasonably determinable.

Qualified Opinions

In our opinion, except for the effects of the matter described in the "Basis for Qualified Opinion" paragraph, the financial statements referred to above present fairly, in all material respects the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Carlyle, Illinois as of April 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information and the schedule of funding progress – Illinois Municipal Retirement Fund presented on pages 30-34 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considered it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational economic or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Carlyle, Illinois' basic financial statements. The combining and individual fund nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and budgetary basis major capital projects fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit, the procedures performed as described above, the combining fund financial statements and individual fund, nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

Respectfully submitted,

Glasvand Shuffett, Fld.

City of Carlyle, Illinois RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO NET POSITION OF GOVERNMENTAL ACTIVITIES April 30, 2015

Total Fund Balances for Governmental Funds (Exhibit C)

\$ 3,567,508

Total net position reported for governmental activities in the Statement of Net Assets is different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the individual funds. Those assets consist of:

Land, net of \$-0- accumulated depreciation	\$ 450,549	
Buildings, net of \$995,186 of accumulated depreciation	4,926,334	
Vehicles, net of \$257,558 of accumulated depreciation	111,084	
Office furniture and equipment, net of \$83,874 of accumulated depreciation	16,720	
Other equipment, net of \$ 1,173,295 of accumulated depreciation	240,376	
Infrastructure, net of \$354,696 of accumulated depreciation	586,974	
Construction in Progress	46,409	
Total Capital Assets		6,378,446

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and are not reported in fund liabilities. The City had the following long-term liabilities that are required to be shown as liabilities of the governmental activities as of April 30, 2015

Notes Payable	\$ 521,632
	(521,632)
Total Net Position of Governmental Activities (Exhibit A)	\$ 9,424,322

The accompanying notes are an integral part of these financial statements.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended April 30, 2015

Net Changes in Fund Balances - Governmental Funds

\$ 135,757

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The following are amounts which require adjustment in the current year:

Capital outlay 1,841,419
Depreciation (212,613)

The issuance of long-term debt (e.g. bonds, loan, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources to governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. In the statement of activities, interest is accrued on outstanding bonds, whereas in the governmental funds an interest expenditure is reported when due. The following is the detail of the net effect of these differences in the treatment of long-term debt and related items:

Repayment of Note Principal 59,107
Loan Proceeds (325,000)

Change in Net Position of Governmental Activities \$ 1,498,670

City of Carlyle, Illinois NOTES TO FINANCIAL STATEMENTS April 30, 2015

NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Carlyle, Illinois have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applicable to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

Reporting Entity

In evaluating how to define the City for financial reporting purposes, management has considered all potential component units. The accompanying financial statements present all City operations. The criteria for including organizations within the City's reporting entity, as set forth in GASB No. 14, "The Financial Reporting Entity," is financial accountability. Financial accountability is defined as appointment of a voting majority of the component unit's board and either the ability to impose will by the primary government or the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

The City has developed criteria to determine whether outside organizations should be included in the financial reporting entity. The criteria include, but are not limited to, oversight responsibility, scope of public service, and special financing relationships. The oversight responsibilities include financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters.

Based upon the application of these criteria, the City is not aware of any entity, which would exercise such oversight, which would result in the City being considered a component unit of the entity.

Basis of Presentation

Government-wide and Fund Financial Statements - The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. For the most part, the effect of the interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. There are no indirect expenses. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The focus of fund financial statements is on major funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

<u>Fund Accounting</u> - The accounts of the City are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, reserves, fund balance/net position, revenues and expenditures or expenses, as appropriate. The City has the following funds:

Governmental Fund Types - Governmental fund types are those funds through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used; current liabilities are assigned to the fund from which they are paid; and the difference between governmental fund assets and liabilities, the fund equity, is referred to as "fund balance." The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the City's major governmental funds:

General Fund - The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The General Fund includes the operations of the City's Street and Alley activities.

Police Fund – The Police Fund accounts for property taxes levied and other revenues generated from the City's police department and use these revenues to finance police department activities.

Economic Development Capital Fund – The Economic Development Capital Fund accounts for grant revenues used by the City to make economic development loans to industry and businesses locating within the City

Capital Projects Funds – are used to account for all resources used in the acquisition and construction of capital facilities and other capital assets, with the exception of those that are financed through proprietary funds and are considered major funds for fiscal year 2015:

TIF-1 Fund – The Tax Increment Financing District 1 accounts for incremental property taxes realized within the Tax Increment Financing District 1, which includes mostly undeveloped or recently developed properties north of the City, including the Clinton County Industrial Park. TIF-1 property tax increments earned remain with the City and are used to finance commercial and industrial expansion in the taxing district.

TIF-2 Fund – The Tax Increment Financing District 2 accounts for incremental property taxes realized within the Tax Increment Financing District 2, which includes the older downtown area of the City as well as some newer developed area west of the City along U.S. Route 50. The City has entered into intergovernmental agreements earned in TIF-2. Such agreements return the property tax increments earned in TIF-2 to the taxing bodies with the exception of specially developed projects.

TIF-3 Fund – The Tax Increment Financing District 3 accounts for incremental property taxes realized within the Tax Increment Financing District 3, which encompasses property that was annexed by the City in September of 2005 that is commonly referred to as Carlyle's West End. Such agreements return the property tax increments earned to the taxing bodies.

Library Construction Fund – The Library Construction Fund accounts for the Grants received to construct a new library.

The other governmental funds of the City are considered nonmajor and are as follows:

Special Revenue Funds – are used to account for the proceeds of specific revenue sources (other than certain capital projects that are legally restricted to expenditures of specific projects).

Civil Defense Fund – This fund accounts for the activities of the City's emergency services.

Garbage Fund – This fund accounts for the City's garbage collection services for City residents.

Playground Fund – This fund accounts for activities including playground equipment and the swimming pool and concessions.

Library Fund – This fund accounts for property taxes and other library revenues and operations of the Case Halstead Library.

Social Security Fund – This fund accounts for property taxes levied for payments of the City's share of Social Security tax for City employees.

Fish Hatchery Deposit Fund – This fund accounts for security deposits for persons utilizing the Fish Hatchery Park facilities.

Cafeteria 125 Plan Fund – This fund acts as a flow-thru fund for contributions to the City's cafeteria 125 plan.

IMRF Fund – This fund accounts for property taxes levied for payment of the City's Illinois Municipal Retirement Contributions for City employees.

Street Fair Fund – This fund accounts for the City's participation in the annual street fair.

Economic Development Fund – This fund accounts for the City's economic development activities.

Motor Fuel Tax Fund – This fund accounts for the revenues and expenses related to projects financed by motor fuel tax funds collected and distributed by the State of Illinois.

Hotel/Motel Tax Fund – This fund accounts for fees collected for transient services for use in economic development and tourism activities.

DARE Fund – This fund accounts for drug abuse resistance education activities for the City's police department.

Police Vehicle Fund – This fund accounts for special fees received from the County's Circuit Clerk and can be used to purchase police vehicles.

HRA Fund – This fund acts as a flow-thru fund for contributions to the City's Health Reimbursement Account

City Park Fund – This fund accounts for recreational services provided at the City's parks.

Library Construction Fund – are used to account for resources restricted for the construction of a new library.

Capital Projects Funds – are used to account for resources restricted for the acquisition or construction of specific capital projects or items.

Proprietary Fund Types - Proprietary fund types are used to account for a government's ongoing organizations and activities, which are similar to those often found in the private sector (business-type activities). The measurement focus is upon income determination, financial position and cash flows. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 62, *Codification of Accounting and Financial Reporting Guidance* contained in Pre November 30, 1989 FASB and AICPA Pronouncements, the City has elected to apply all applicable Financial Accounting Standards Board (FASB) pronouncements, including those issued post November 30, 1989, except for those pronouncements which conflict with or contradict GASB pronouncements.

Enterprise Funds - are used to account for those operations that are financed and operated in a manner similar to private business or where the City has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability. The following are the City's major enterprise funds:

Water Fund – To account for the operations of the City's water treatment facilities.

Sewer Fund – To account for the operations of the City's waste disposal activities.

Electric Fund – To account for the operations of the City's electrical power plant.

The City has no nonmajor enterprise funds.

Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures and claims and judgments, are recorded only when payment is due.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the City; therefore, revenues are recognized based upon the expenditures recorded and are usually revocable only for failure to comply with prescribed requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

Licenses and permits, fines and forfeitures, charges for sales and services (other than utility), and miscellaneous revenues are generally recorded as revenue when received in cash, because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are measurable and available.

Property taxes are recognized as a receivable at the time they are levied, and the current taxes receivable represents the 2014 levy, which was approved by the City on November 24, 2014. Property taxes are levied each year on all taxable real property in the City. The City passes a property tax levy ordinance, usually in the second calendar quarter of each year, for the fiscal year beginning on May 1 of such calendar year. The tax becomes a lien as of the following January 1, on the assessed value listed as of the day prior (December 31) for all real property located in the City. In the year following the levy, the County bills the property taxes in two installments, generally in July and September. The taxes become delinquent approximately 40 days after the dates billed. The County collects the taxes and remits them to the City. The City receives these remittances approximately one month after the collection dates.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Assets, Liabilities and Equity

Cash and Investments

Cash and investments consist of checking accounts, savings accounts, short-term certificates of deposit, investments in the Illinois Public Treasurers Investment Pool and U.S. Treasury Notes and are carried at cost, which approximates market.

The City requires that its invested funds meet the requirements of the Public Funds Investment Act (30 ILCS 235/2).

Cash and Equivalents

For the purposes of financial reporting, the City considers all restricted and unrestricted cash and investments to be cash equivalents. Cash and investments include cash on hand; cash in banks, and temporary investments such as certificates of deposit and U.S. Treasury Notes.

Receivables

All receivables are reported at their gross value and, where appropriate are reduced by the estimated portion that is expected to be uncollectible.

Inventories

Inventories held by the business type activities are priced at cost using the FIFO (first-in, first-out) method and consist of materials and supplies held for consumption and maintenance of distribution systems.

Inventories related to the governmental funds have not been reflected in the financial statements due to the nominal values involved. The costs of such items have been recorded as expenditures at the time of purchase.

Restricted Assets

Enterprise Funds, based on certain bond covenants, are required to establish and maintain prescribed amounts of resources (consisting of cash and temporary investments) that can be used only to service outstanding debt.

Prepaid Expenses

Payments made to vendors for services that will benefit future periods are recorded as prepaid items. Prepaid items are recorded as expenditures when consumed.

Compensated Absences

Full-time, permanent employees are granted vacation benefits in varying amounts to specified maximums depending on tenure with the City. All accrued vacation pay is payable upon termination or retirement. Sick leave accrues to full-time, permanent employees at a rate of one day per month. Upon retirement, employees are paid for sick pay accrued not to exceed one day for each year of service. Accrued sick pay is not paid to employees who quit or are terminated.

The estimated current portion of the liability for vested vacation and sick leave benefits attributable to the City's governmental funds is recorded as an expenditure and liability in the respective funds. The amounts attributable to proprietary funds are charged to expense and a corresponding liability in the applicable fund.

Fund Equity

Reservations of fund balance represent amounts that are not appropriated or are legally segregated for a specific purpose. Restrictions of net positions are limited to outside third-party restrictions. Designations of fund balance represent tentative management plans that are subject to change.

Long-Term Debt

All long-term debt arising from cash basis transactions to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements.

Long-term debt arising from cash basis transactions of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund financial statements as the treatment in the government-wide statements.

Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net investment in capital assets excludes unspent debt proceeds. Restricted net position is legally restricted by outside parties for a specific purpose. None of the restricted net position is the result of enabling legislation adopted by the City.

The City first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Budgetary Information

The City's budget, adopted on June 23, 2014, was not amended. The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- Prior to May 1, the City Administrator submits to the City Council a proposed operating budget for the
 fiscal year commencing May 1. The budget includes proposed expenditures and the means of
 financing them. The City actually approves two separate documents including the City's actual
 appropriation ordinance and the City's administrative budget. The administrative budget is the
 working tool of the City. The appropriation ordinance itself is inflated by 10% to insure that proper
 spending authorization exists in case of unanticipated expenses.
- 2. Prior to enactment, a public hearing is held on the proposed budget to obtain citizen comments.
- 3. Subsequent to the public hearing, the budget is enacted by passage in a City Council meeting.
- 4. Amendments may be made by the Council during the year by the same procedures required of its original adoption.

- 5. Prior to enactment, a public hearing is held on the proposed budget to obtain citizen comments.
- 6. Subsequent to the public hearing, the budget is enacted by passage in a City Council meeting.
- 7. Amendments may be made by the Council during the year by the same procedures required of its original adoption.
- 8. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Capital Projects Funds, Fiduciary Funds, and Proprietary Funds
- 9. Budgets for the General Fund, Special Revenue Funds, Capital Projects Funds, Fiduciary Funds, and Proprietary Funds are adopted on a cash basis.
- 10. Appropriations lapse at the end of each fiscal year.

Capital Assets

Capital assets including land, buildings, improvements, equipment assets and infrastructure are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an initial useful life of one year or greater. Infrastructure capitalization thresholds are as follows:

	Capitalization
	<u>Threshold</u>
Streets and Roads	\$50,000
Sidewalks	25,000

Assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation has been provided using the straight-line method over the estimated useful lives of the respective assets. The estimated useful lives for each fixed asset type are as follows:

Infrastructure	20-50 years
Land Improvements	10-20 years
Buildings and Improvements	20-50 years
Machinery and Equipment	10-20 years
Vehicles	10-20 years
Office Furniture and Equipment	10-20 years

Interfund Transactions

Transactions among City funds that would be treated as revenues and expenditures or expenses if they involved organizations external to City government are accounted for as revenues and expenditures or expenses in the funds involved.

Transactions, which constitute reimbursements to a fund for expenditures initially made from it, which are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the reimbursed fund.

Transactions, which constitute the transfer of resources from a fund receiving revenues to a fund through which the revenues are to be expended, are separately reported in the respective fund's operating statements.

Activity between funds that are representative of lending/borrowing arrangements at the end of the fiscal year are referred to as "due to/from other funds" in the fund financial statements. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Revenues, Expenditures, and Expenses

Program Revenues

In the Statement of Activities, revenues that are derived directly from each activity or from parties outside the City's taxpayers are reported as program revenues. The City has the following program revenues in each activity:

General Government Licenses and permits and garbage collection fees
Public Safety Fine revenue, drug enforcement revenue; and operating

grants

Highways and Streets Commercial vehicle and gasoline excise tax shared by the

State; and operating grants

Culture and Recreation Library fines and fees, recreation fees, concession sales,

and specific donations

Community Development Licenses and specific donations

All other governmental revenues are reported as general. All taxes are classified as general revenue even if restricted for a specific purpose.

Operating Revenue and Expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the general purpose financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fund Balances

Financial Policies

The Finance Committee meets on a monthly basis to manage and review cash financial activities and to insure compliance with established policies. It is the City's policy to fund current expenditures with current revenues and the City's mission is to strive to maintain a diversified and stable revenue stream to protect the government from problematic fluctuations in any single revenue source and provide stability to ongoing services. The City's unassigned General Fund balance will be maintained to provide the City with sufficient working capital and a margin of safety to address local and regional emergencies without borrowing.

The City implemented GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, in FY2012 for its governmental funds. Under GASB Statement No. 54, fund balances are required to be reported according to the following classifications:

Nonspendable fund balance – Includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reasons, must be kept intact. This classification includes inventories, prepaid amounts, assets held for sale, and long-term receivables.

<u>Restricted fund balance</u> - Constraints placed on the use of these resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or other governments; or are imposed by law (through constitutional provisions or enabling legislation).

<u>Committed fund balance</u> – Amounts that can only be used for specific purposes because of a formal action (resolution or ordinance) by the City's highest level of decision-making authority, the City's Board of Aldermen.

<u>Assigned fund balance</u> – Amounts that are constrained by the City's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the City's Board of Aldermen, or by an official to whom that authority has been given. With the exception of the General Fund, this is the residual and fund balance classification for governmental funds with positive balances.

<u>Unassigned fund balance</u> – This is the residual classification of the General Fund. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification, as the result of overspending for specific purposes for which amounts had been restricted, committed or assigned.

It is the City's policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net positions are available. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The Board of Aldermen is authorized to assign amounts for specific purposes. The Governmental Fund Combined Balance Sheet provides details of the amounts that have been assigned for specific purposes.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City has no item that qualifies for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has one type of item which arises only under a modified accrual basis of accounting that qualifies for reporting in this category.

The governmental funds report unavailable property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available.

NOTE 2--CASH AND CASH EQUIVALENTS

At April 30, 2015, cash and cash equivalents consisted of the following:

Petty Cash Funds and Cash on Hand	\$ 1,150
Checking Accounts	3,114,080
Illinois Public Treasurers	
Investment Pool	768,525
Certificates of Deposit	
and Savings Accounts	1,167,826
	\$5,051,581

State statutes (30 ILCS 235/2) authorize the City to make deposits in interest bearing depository accounts in federally insured and/or state chartered banks and savings and loan associations, or other financial institutions as designed by ordinances, and to invest available funds in direct obligations of, or obligations guaranteed by, the United States Treasury or agencies of the United States, money market mutual funds whose portfolios consist of governmental securities, Illinois Funds Money Market Fund and annuities.

Deposits

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party in the City's name. The City does not have a deposit policy for custodial risk.

At year-end, the carrying amount of the City's deposits net of outstanding checks, including certificates of deposit, was \$4,281,906 and the bank balance was \$4,346,596. The book balance and the bank balance was fully insured or collateralized with U.S. Government Securities held by third party in the name of the City. As of April 30, 2015, the City's cash equivalents were as follows:

	Fair
	Value
Illinois Public Treasurer Investment Pool	<u>\$768,525</u>

NOTE 2--CASH AND CASH EQUIVALENTS (CONTINUED)

Custodial Credit Risk-Investments:

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. As of April 30, 2015, the City's investment balances were fully insured or collateralized.

The Illinois Funds Money Market Fund (formerly known as IPTIP) is a money market fund created in 1975 by the Illinois General Assembly. Its primary purpose is to provide the Public Treasurer and other custodians of public funds with an alternative investment vehicle which enable them to earn a competitive rate of return on fully collateralized investments, while maintaining immediate access to invested funds.

The monies invested by the individual participants are pooled together and invested in U.S. Treasury bills and notes backed by full faith and credit of the U.S. Treasury. In addition, monies are invested in fully collateralized time deposits in Illinois financial institutions, in collateralized repurchase agreements, and in treasury mutual funds that invest in U.S. Treasury obligations and collateralized repurchase agreements.

The time deposits are collateralized 105% over FDIC of FSLIC \$250,000 insurance with U.S. Treasury obligations and marked to market on a daily basis to maintain sufficiency. The repurchase agreements are collateralized at 102% with U.S. Treasury obligations and the collateral is checked daily to determine sufficiency.

The individual participants maintain separate investment accounts representing a proportionate share of the pool assets and its respective collateral; therefore no collateral is identified with each individual participant's account.

NOTE 3—ACCOUNTS RECEIVABLE

As of April 30, 2015 the receivable balance consisted of:

Utility Customers	\$ 684,615
Sales Tax	221,189
Property Tax	273,628
Income Tax	111,760
Motor Fuel Tax	7,631
Garbage Fees	29,191
Police Fines	2,534
	\$1,330,548

NOTE 4--CAPITAL ASSETS

The following is a summary of changes in capital assets for the year ended April 30, 2015:

	Beginning			Ending
	Balance			Balance
	April 30, 2014	Additions	Deletions	April 30, 2015
Governmental Activities:				
Capital Assets, Not Being Depreciated:

Construction in progress totaling \$158,733 represents work to date on the sports complex (\$46,409) and the north elevated tank (\$112,324).

Depreciation expense was charged to the functions of the government as follows:

Governmental Activities	
General Government	\$ 10,324
Public Safety	18,300
Highways and Streets	43,315
Culture and Recreation	<u>140,674</u>
	<u>\$212,613</u>
Business-Type Activities	
Water	\$230,002
Sewer	84,693
Electric	259,663
	<u>\$574,358</u>

NOTE 5--NOTES RECEIVABLE--INDUSTRY AND BUSINESS

INDUSTRIAL DEVELOPMENT

In connection with the City's Community Development Assistance Program, the City provided assistance in the form of loans to the following industries and businesses at April 30, 2015:

Business	Original Date of Loan	Amount of loan	Interest Rate	Term	Loan Balance as of April 30, 2015	Amount due within One Year
Quip Industries, Inc.	02-27-04	\$300,000	4.5%	4 yrs.	\$143,435	\$ -
Quip Industries, Inc.	08-27-07	150,000	4.5%	5 yrs.	150,000	-
KDMP, Inc.	10-14-10	169,594	3.0%	10 yrs.	102,294	19,370
KDMP, Inc.	10-14-10	15,037	3.0%	7 yrs.	6,128	2,367
Rainey Properties	11-01-11	81,788	3.0%	10 yrs.	54,627	7,898
					<u>\$456,484</u>	\$29,635

The non-current portion of the above notes totaling \$426,849 is reflected as nonspendable at April 30, 2015.

The loans with Quip Industries, Inc. are reflected as non-current due to collectability issues. The City, through court action, has issued a lien against a 50% interest in Ledom, LLC, a limited liability company which holds title to a residence owned by the Quip Industries, Inc. owner. The City continues to pursue collectability of these loans.

NOTE 6--NOTE RECEIVABLE--CLINTON COUNTY, ILLINOIS

On June 27, 1989, the City entered into a cooperative agreement with Clinton County, Illinois, to assist the County in the industrial expansion of the "County Farm," North of Carlyle. As part of the agreement, the City extended its water and sewer services to the industrial site. The agreement provides that Clinton County, Illinois will repay the City the cost of extending its utility services including interest at 7%. The agreement provides that as CDAP grant funds are recaptured by the County, 60% are to be paid to the City. Under no circumstances will the reimbursement exceed 60% of the grant recapture funds derived from the County Farm. Any future grants would increase the monthly payments and reduce the term of the loan.

The balance due as of April 30, 2015, totals \$51,089, which is due to the Economic Development Fund.

NOTE 7--CHANGES IN LONG-TERM DEBT

A summary of changes in long-term debt for the year ended April 30, 2015 is as follows:

	Notes
	<u>Payable</u>
Balance, May 1, 2014	\$2,057,871
Debt Issued	325,000
Note Principal Paid	(220,615)
Balance, April 30, 2015	<u>\$2,162,256</u>

Governmental Activities:

As of April 30, 2015, the long-term debt payable for governmental activities consisted of the following:

	Balance Due at April 30, 2015	Amount Due Within One Year
Notes Payable	<u> 115111 30, 2013</u>	One Tear
Million Gallon Storage Tank Painting – Note Payable to First National Bank Carlyle dated July 31, 2014, payable in 120 monthly payments of \$3,092.48 including interest of 2.69%. This loan is paid from the TIF II Fund	\$303,541	\$29,281
Pool House Renovation - Note Payable to First National National Bank Carlyle dated June 11, 2010, payable in 119 monthly payments of \$3,900 and one payment		
of \$2,625.24 including interest at 3.85%.	218,091	39,074
Total Long-Term Debt - Governmental Activities	\$521,632	\$68,355

This loan is paid from the Pool House Loan Fund which is financed by transfers from the General Fund.

NOTE 7—CHANGES IN LONG-TERM DEBT (CONTINUED)

Business-Type Activities:

As of April 30, 2015, the long-term debt payable for proprietary fund resources consisted of the following:

	Balance Due at April 30, 2015	Amount Due Within One Year
Notes Payable	*	
IEPA Drinking Water Project – Note Payable to Illinois Environmental Protection Agency dated September 9, 2005, payable in 38 semi-annual installments of \$45,575.11and one payment of \$47,349.08		4.0.00
including interest at 2.5%.	\$ 906,126	\$68,925
IEPA Wastewater Project – Note Payable to Illinois Environmental Protection Agency dated October 6, 2005, payable in 38 semi-annual installments of \$22,299.25 and one payment of \$21, 509.45 including interest at 2.5%.	442,761	33,739
NESHAP Mufflers and Custom Digger Truck – Note Payable to U.S. Bancorp Government Leasing and Finance, Inc. dated October 26, 2012, payable in 84 monthly payments of \$5,652.40 including interest at 1.99%.	291,737	62,595
Total Long-Term Debt – Business Type Activities	<u>\$1,640,624</u>	<u>\$165,259</u>
Total Long-Term Debt	\$2,162,256	\$233,614

The annual requirements to amortize all debts outstanding as of April 30, 2015, including interest payments are as follows:

Year Ending	Governm	ental Activ	rities	Business Type Activities			<u>Total</u>		
April 30,	Principal	Interest	Total	Principal	Interest	Total	Principal	Interest	
2016	\$ 68,355	\$15,555	\$ 83,910	\$165,259	\$ 38,319	\$ 203,578	\$ 233,614	\$ 53,874

	\$521,632	\$62,379	\$584,011	<u>\$1,640,624</u>	\$224,927	<u>\$1,865,551</u>	\$2,162,256	\$287,306	

The City is limited to debt obligations of 8.625% of its equalized assessed valuation of \$37,885,398 or \$3,267,616. As of April 30, 2015, its unused debt margin was \$2,745,984.

NOTE 8--SHORT-TERM DEBT

There was no short-term debt issued or repaid during the audit period.

NOTE 9 -- RESTRICTED ASSETS

Restricted assets as of April 30, 2015, consisted of the following:

Business-Type Activities: Sewer Utility Fund: Reserve Contingency

\$ 253,435

Electric Light Plant System Fund: Depreciation and Contingencies

1,202,813 \$1,456,248

The revenue bond ordinances require that all collections be segregated and restricted in separate accounts within the fund. The City has generally complied with the provisions of the revenue bond ordinances at April 30, 2015.

NOTE 10--PENSION PLAN

Plan Description. The employer's defined benefit pension plan for regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The employer plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information (RSI). That report may be obtained on-line at www.imrf.org.

Funding Policy. As set by statute, the employer regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2014 was 15.50 percent. The employer also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost. The required contribution for calendar year 2014 was \$270,868.

Three-Year Trend Information for the Regular Plan

Calendar		Percentage	
Year	Annual Pension	of APC	Net Pension
Ending	Cost (APC)	Contributed	Obligation
12/31/14	\$270,968	100%	\$0
12/31/13	271,856	100%	0
12/31/12	259,220	100%	0

The required contribution for 2014 was determined as part of the December 31, 2012, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2012, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4 % to 10% per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3% annually. The actuarial value of your employer regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The employer regular plan's unfunded actuarial accrued liability at December 31, 2012 is being amortized as a level percentage of projected payroll on an open 29 year basis.

Funded Status and Funding Progress. As of December 31, 2014, the most recent actuarial valuation date, the regular plan was 59.63 percent funded. The actuarial accrued liability for benefits was \$5,506,367 and the actuarial value of assets was \$3,283,378, resulting in an underfunded actuarial accrued liability (UAAL) of \$2,222,989. The covered payroll for calendar year 2014 (annual payroll of active employees covered by the plan) was \$1,747,534 and the ratio of the UAAL to the covered payroll was 127 percent.

The schedule of funding progress, presented as required supplemental information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE 11--INTERFUND RECEIVABLES AND PAYABLES

Individual fund interfund receivable and payable balances at April 30, 2015, were as follows:

Interfund	Interfund	Balance
Loan From	Loan To	April 30, 2015
Water Fund	Sewer Fund	\$23,644

The City's interfund loan balance represents an expense paid by the Water Fund on the Sewer Fund's behalf in a prior year.

NOTE 12--INTERFUND TRANSFERS

Interfund transfers during the year ended April 30, 2015, follows:

Major Funds	Transfers In	Transfers Out
Governmental Activities:		
General	\$ 381,866	\$1,991,263
Police	625,000	35,719
TIF II	45,000	383,228
TIF I	-	45,000
New Case Halstead		
Library	861,263	
	\$1,913,129	\$2,455,210
Business-Type Activities:		
Water Fund	321,435	59,384
Sewer Fund	61,793	28,890
Electric Fund		217,892
	383,228	306,166
Nonmajor Funds		
Governmental Activities:		
Social Security	10,000	-
City Park	150,000	10,453
Garbage	-	9,825
Playground	125,000	10,049
Library	95,000	7,953
Retirement	70,000	-
Economic		
Development	15,000	1,701
Pool House Loan	40,000	
	505,000	39,981
Grand Totals	\$2,801,357	\$2,801,357

Interfund transfers represent routine operating transfers of intergovernmental and local revenues to other governmental funds to finance operations of those funds. Additionally, each governmental and business-type fund reimburses the General Fund for its share of general and administrative costs of operating City Hall.

NOTE 13--BUDGET INFORMATION

The following funds actual expenditures exceeded the budget.

HRA	\$14,208
Fish Hatchery Deposit	3,925
Park Ground Purchase	113

NOTE 14--SEGMENT INFORMATION -- ENTERPRISE FUNDS

The City maintains three enterprise funds, which provide water, sewer, and electric services. Segment information for the year ended April 30, 2015, is not required since each fund has been treated as a major fund in the basic financial statements.

NOTE 15--COMMON BANK ACCOUNT

The City maintains a common bank account for several of its funds. The accounting records are maintained to account for each funds' portion of the common bank account balance. Negative balances in individual funds can be created, which would be considered unauthorized interfund loans.

NOTE 16--DEFICIT RETAINED EARNINGS/FUND BALANCE

Deficit fund balances as of April 30, 2015, follow:

Major Funds:

Police \$46,297

Non Major Funds:

Playground 1,977 Library 6,185

NOTE 17--RISK MANAGEMENT

The City is exposed to various risks of loss including, but not limited to, general liability, property casualty, worker's compensation and public official liability. To limit exposure to these risks, the City participates in the Illinois Municipal League Risk Management Association and purchases commercial insurance as necessary. There were no major changes to insurance coverages during the audit period. Additionally, there were no claims pending as of the audit date. Settlements have not exceeded insurance coverages in the current or last three years.

NOTE 18--DEFERRED COMPENSATION PLAN

The City participates in a deferred compensation plan with Nationwide Retirement Solutions, Inc. The plan is funded by payroll deductions from employees. The investment balance of the plan as of March 31, 2015, is \$553,733. Prior year balance for the plan totaled \$509,879. Nationwide Retirement Solutions, Inc. was not able to provide April 30 balances for the plan. Employees contributed \$1,820 to the Plan, withdrew \$3,528 and paid \$4,176 in Plan fees and assets appreciated in value by \$49,738 for the Plan year.

NOTE 19 - HEALTH INSURANCE PLANS

The City participates in a Code Section 125, Cafeteria plan for its employees. As of April 30, 2015, \$2,183 remained in the Plan.

The City participates in a Health Reimbursement Account (HRA) with Total Administrative Services Corporation (TASC). The Plan requires annual funding of \$15,540 and has a plan exposure to the City of \$55,500 per year. During fiscal year 2015, the City contributed \$-0- and paid claims of \$14,208 leaving a Plan balance of \$-0- at April 30, 2015. This plan was terminated on November 24, 2014.

NOTE 20 - FUND BALANCE CONSTRAINTS

The constraints on fund balances as listed in aggregate on the Balance Sheet are detailed according to balance classification and fund as follows:

		Major Special Revenue Funds							
	General Fund	Police Fund	Economic Development Capital Fund	TIF-1 Fund	TIF-2 Fund	TIF-3 Fund	Library Construction	Other Governmental Funds	Total
Fund Balances:

•		-	678,690	226,573	40,319	53,842		135,181	1,134,605
Unassigned	1,727,952	(56,586)	-		_	-		(17,384)	1,653,982
Total Fund Balances	\$1,783,612	\$(46,297)	\$1,105,539	\$226,573	\$40,319	\$53,842	\$ -	\$403,920	\$3,567,508

NOTE 21 -- COMMITMENTS/CONTINGENCIES

As of April 30, 2015, the City has commitments/contingencies as follows:

 The City received a grant of \$250,000 from the Illinois Department of Commerce and Economic Opportunity in fiscal year 2012 for the purchase of land for use in constructing a sports complex. The City's general fund paid for the balance of the land cost totaling \$129,625 for a total land cost of \$379,625.

The City was also awarded a \$65,000 state grant from the Illinois Department of Commerce and Economic Opportunity for design/engineering and excavation/site preparation for the sports complex, of which \$44,190 has been spent on grant related activities.

Also the City received a private industry grant from Timken for \$40,000 for use at the sports complex, of which none has been expended at April 30, 2015.

As of April 30, 2015, the construction of the sports complex is uncertain. The City has contacted the grantor agencies as to the requirements to repay the grant funds should the complex not be completed. No official response has been received as of the audit date.

2. The City spent \$112,324 in engineering costs for a future water tower and ten inch main. They are in the process of applying to USDA Rural Development for financing. The estimated cost of this project is \$2,900,000. This project is not guaranteed to be completed.

In the normal course of operations, the City participates in various federal or state grant/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, with the purpose of which is to ensure compliance with the specific condition of the grant or loan. Any liability or reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

NOTE 22 – PRIOR PERIOD ADJUSTMENT

At April 30, 2004, a grant receivable from the Public Library Construction Act Grant Project was overstated by \$13,040. This amount was set up as part of the grant receivable when in fact it had been received and was being held in a savings account. This resulted in a prior period adjustment for fiscal year 2015 of \$13,040.

City of Carlyle, Illinois NOTES TO BUDGETARY COMPARISON SCHEDULES April 30, 2015

Budget and Budgetary Accounting

The budget for all governmental fund types and for the expendable trust fund is prepared on the cash basis of accounting, which is not the same basis that is used in financial reporting. Revenues and expenditures are reported when they result from cash transactions. This allows for comparability between budget and actual amounts. The budget was passed on June 23, 2014 and was not amended.

For each fund, total fund expenditures disbursed may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to May 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures disbursed and the means of financing them.
- 2. Prior to enactment, a public hearing is held on the proposed budget to obtain citizen comments.
- 3. Subsequent to the public hearing and prior to May 1, the budget is enacted by passage in a City Council meeting.
- 4. Amendments may be made by the Council during the year by the same procedures required for its original adoption.
- 5. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Capital Projects Funds, Fiduciary Funds, and Proprietary Funds.
- 6. Budgets for the General Fund, Special Revenue Funds, Capital Projects Funds, Fiduciary Funds, and Proprietary Funds are adopted on a cash basis.
- 7. Appropriations lapse at the end of each fiscal year.

No major funds exceeded their budget.

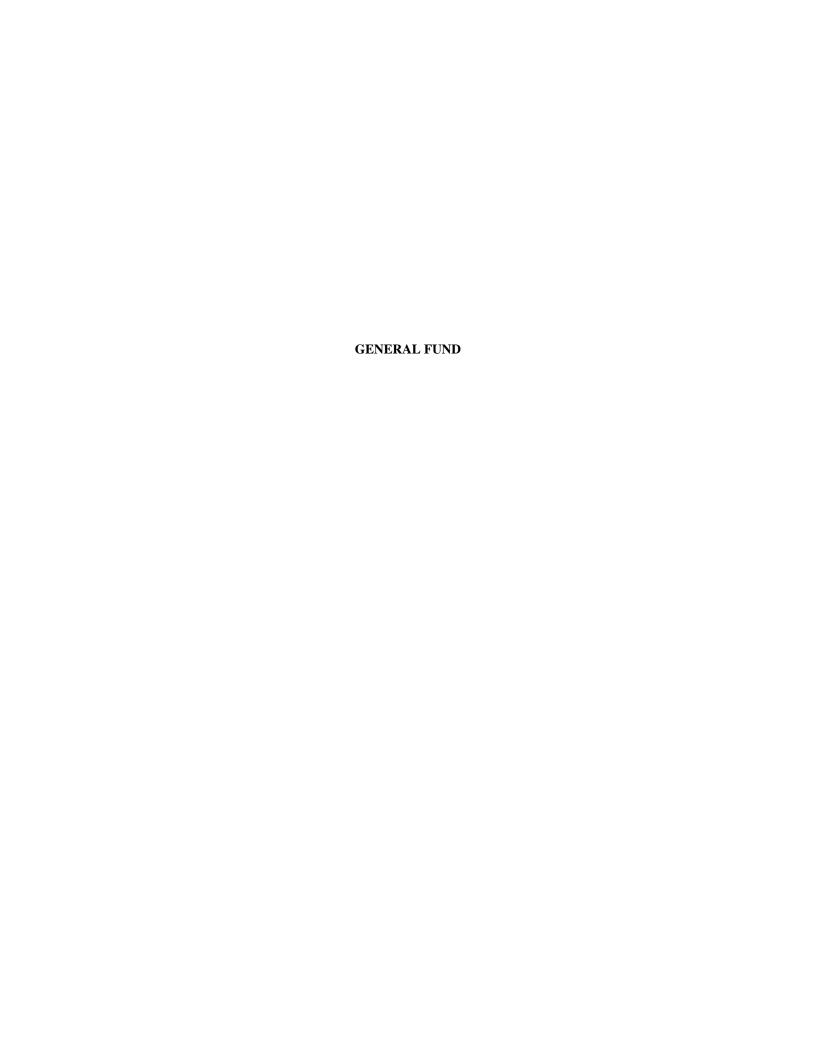

REQUIRED SUPPLEMENTAL INFORMATION - UNAUDITED SCHEDULE OF FUNDING PROGRESS ILLINOIS MUNICIPAL RETIREMENT FUND April 30, 2015

		Actuarial				
		Accrued				UAAL as a
	Actuarial	Liability	Unfunded			Percentage of
Actuarial	Value of	(AAL)	AAL	Funded	Covered	Covered
Valuation	Assets	Entry Age	(UAAL)	Ratio	Payroll	Payroll
Date	(a)	(b)	(b-a)	(a/b)	(c)	((b-a)/c)
12/31/14	\$3,283,378	\$5,506,367	\$2,222,989	59.63%	\$1,747,534	127.21%
12/31/13	3,541,565	5,586,553	2,044,988	63.39%	1,668,851	122.54%
12/31/12	3,263,921	5,554,153	2,290,232	58.77%	1,640,631	139.59%

On a market value basis, the actuarial value of assets as of December 31, 2014 is \$4,361,366. On a market basis, the funded ratio would be 79 .21%.

The actuarial value of assets and accrued liability cover active and inactive members who have service credit with City of Carlyle. They do not include amounts for retirees. The actuarial accrued liability for retirees is 100% funded.
