Permanent Parcel ID No. _____ Fee Paid: \$ _____

Zoning District Classification: _____ Date Paid: _____, 20 ____

Instructions to Applicant: Before beginning any construction, a Certificate of Zoning Compliance must be obtained from the Zoning Administrator. Applications for this permit must be made by the owner of the property on which the construction is to take place or his duly authorized agent. A legal description of the property and a site plan of the proposed construction must be included with this application. The attached sheet, which may be used for drawing the site plan, lists the information which must be shown. An approved, signed Certificate of Zoning Compliance serves as a building permit for the construction proposed on the application.

If the proposed construction meets zoning requirements, a permit shall be issued. If the Zoning Administrator determines that it does not comply with requirements of the Zoning Code, the applicant may request an interpretation of the regulations by the Zoning Board of Appeals (if he/she disagrees with the Zoning Administrator) or they may request a variance or zoning amendment.

All information requested below **MUST** be provided before any permits will be issued. Applicants are encouraged to call or visit the office of the Zoning Administrator for any assistance needed in completing this form at 618-594-2468.

Frequently Asked Questions:

- **SETBACKS** – Setbacks for principal structures vary depending on the zoning district the property is in. All information regarding setbacks of specific zoning districts can be found online at carlylelake.com/zoning
- **PROPERTY LINES** – You must be able to prove the location of your property lines if requested. ****Please note – providing proof of the location of lot lines is solely the responsibility of the applicant. The City will not be responsible for locating lot lines, pins, or surveying the lot lines in question.**
- **FENCES** - Residential fences must be at least 2-feet back from side/rear lot lines, however they must still meet the front setback of the zoning district. If you want to place the fence on a zero setback (on the line), you may do so with a signed and notarized letter from the adjacent property owner(s) stating an agreement to erect a fence on the shared property line. You may also request a variance.
- **ACCESSORY USES** – Allowed accessory buildings (i.e. sheds, garages) which are not attached to the principal structure of the property may be located as close as 5-feet from the property line. Any structure that is attached to the principal structure must adhere to the setbacks of that zoning district.
- **VARIANCES** – If the proposed construction requires a variance, the applicant must fill out a separate request for variance application. The variance process must go before the Zoning Board and City Council and typically takes between 3-5 weeks. Applications are available at: carlylelake.com/zoning
- **EXPIRATION** – Residential permits are valid for a period of 6-months. Commercial permits are valid for a period of 1-year. If work has not been completed in this timeframe, a new permit must be submitted.
